

4th Superconducting Magnet Test Facilities Workshop & 2nd Workshop on Instrumentation and Diagnostics for Superconducting Magnets

Contribution ID: 64

Type: **not specified**

Wire-based and thermocouple-based QD

Friday, 28 April 2023 08:50 (20 minutes)

Presenter: BYKOVSKIY, Nikolay (EPFL Swiss Plasma Center)

Session Classification: Novel quench detection and localization methods (optical, ultrasonic, RF, etc.).
