

4th Superconducting Magnet Test Facilities Workshop & 2nd Workshop on Instrumentation and Diagnostics for Superconducting Magnets

giovedì 27 aprile 2023

Innovative electronics and devices, electrical diagnostics: Innovative electronics and devices, electrical diagnostics -

Neptune (16:10 - 17:40)

time	[id] title	presenter
16:10	[55] Methods and instrumentation for insulation defects measurements and electrical issues with superconducting magnets and circuits.	BEDNAREK, Mateusz
16:30	[56] Classifying the electromagnetic behavior of a series of superconducting magnets	RAVAIOLI, Emmanuele
16:50	[57] Advances in cryo-electronics	TURQUETI, Marcos De Azambuja
17:10	[58] Discussion on innovative electronics and devices, electrical diagnostics
