

The Hitchhiker's Advanced Guide to Quantum Collapse Models and their impact in science, philosophy, technology and biology

giovedì 3 novembre 2022

Session 8 - Bruno Touschek Auditorium (15:00 - 18:00)

-Coordinatori: Pawel Moskal

time	[id] title	presenter
15:00	[40] Recent advancements in radiation detectors for precision experiments	SCORDO, Alessandro
15:30	[41] Stochastic Renormalization Group a' la Ricci and Covariant Gravitational Collapse of the Wave Function	MARCIANO, Antonino
16:00	Coffee Break	
16:30	[42] Test of Collapse Models with the MAJORANA DEMONSTRATOR	KIM, Inwook
17:00	[43] High Sensitivity Tests of of Quantum Gravity Induced Spin Statistics Deformation	PISCICCHIA, Kristian
17:30	[44] Could entanglement play a role in the brain?	SIMON, Christoph
