

GWADW2023 - Gravitational-Wave Advanced Detector Workshop

giovedì 25 maggio 2023

Thermal effects simulation (16:00 - 17:30)

-Coordinatori: **Stefan Hild; Alessio Rocchi; Daniel Brown**

time	[id] title	presenter
16:00	[141] Working with marginally-stable dual-recycling cavities: Finesse simulations for commissioning Virgo in O4 and beyond	GREEN, Anna
16:20	[142] Thermal Distortions in A+ and post-O5: What about them are bad and what is actually required for correction?	BROOKS, Aidan
16:40	[143] Next generation Integrated package for Gravitational Wave Simulation	YAMAMOTO, Hiroaki
17:00	[144] Discussion on simulation tools for GW interferometers	ROCCHI, Alessio BROWN, Daniel
