

GWADW2023 - Gravitational-Wave Advanced Detector Workshop

Wednesday, 24 May 2023

Moon and Space (18:00 - 19:15)

-Conveners: Kirk McKenzie; Seiji Kawamura

time	[id] title	presenter
18:00	[135] LISA Status and Overview	GERBERDING, Oliver
18:15	[30] Space gravitational wave antenna DECIGO and B-DECIGO	Prof. KAWAMURA, Seiji
18:30	[113] LGWA status	HARMS, Jan
18:45	[16] Developing a toolset for adjustable picometer- stable interferometers for future gravitational wave detectors	BECK, Marcel
19:00	[64] Sub-femtoWatt Laser Phase tracking for space-based gravitational wave detection	SAMBRIDGE, Callum
