

Lepton Interactions with Nucleons and Nuclei

September 3-8, 2023

<https://agenda.infn.it/e/marciana2023>

Marciana Marina, Isola d'Elba, Italy

The meeting is the 16th of a series started in 1988, meant to cover new developments in research areas ranging from nuclear astrophysics and neutrino physics, to hadron structure and dynamics, to the physics of nuclei at low and high energies.

ORGANIZING COMMITTEE

Luca Girlanda

Università del Salento / INFN - Lecce (Italy)

Laura Elisa Marcucci

Università di Pisa /INFN – Pisa (Italy)

Camillo Mariani

Physics Department, Virginia Tech (USA)

Saori Pastore

Washington University in St.Louis (USA)

Maria Piarulli

Washington University in St.Louis (USA)
