Lepton Interactions with Nucleons and Nuclei

June 23-29, 2019
https://agenda.infn.it/e/elba2019

Marciana Marina, Isola d’Elba, Italy

The meeting is the 15th of a series started in 1988, meant to cover new developments in research areas ranging from nuclear astrophysics and neutrino physics, to hadron structure and dynamics, to the physics of nuclei at low and high energies.
