

Marciana 2023- Lepton Interactions with Nucleons and Nuclei

mercoledì 6 settembre 2023

Quantum Monte Carlo/Nuclear theory (09:00 - 12:30)

time	[id] title	presenter
09:00	[22] Neutrinos, Nuclei, and Quantum Computing	CARLSON, Joe
10:00	[23] Nuclear properties from Quantum Monte Carlo with EFT interactions	GANDOLFI, Stefano
10:30	Conference picture	
10:30	coffee break	
11:00	[24] Quantum Monte Carlo calculations of electroweak observables with local chiral potentials	KING, Garrett
11:30	[25] Electroweak processes on light nuclei	GNECH, Alex
12:00	[26] Electron and neutrino scattering off the deuteron: elastic and breakup channels	SKIBINSKI, Roman
