

LEAPS Meets Life Sciences Conference

Wednesday, 17 May 2023

Unmet Medical Needs: Block 1 (08:45 - 10:30)

time	[id] title	presenter
08:45	[217] Keynote 5: Structure-guided approaches to malaria vaccines	HIGGINS, Matt
09:30	[267] Ambient-temperature serial femtosecond crystallography studies of bacterial ribosome antibiotic complexes	DEMIRCI, Hasan
10:00	[254] Large scale imaging of neuronal networks of the brain	WANNER, Adrian

Unmet Medical Needs: Block 2 (11:00 - 12:30)

time	[id] title	presenter
11:00	[226] Molecular mechanisms of tau filament formation	LOVESTAM, Sofia
11:30	[256] Integrative structural biology applied to virus infection	WEISSENHORN, Winfried
12:00	[272] Pandemic responses and the impact of infrastructure and technology on structural studies	STUART, Dave
