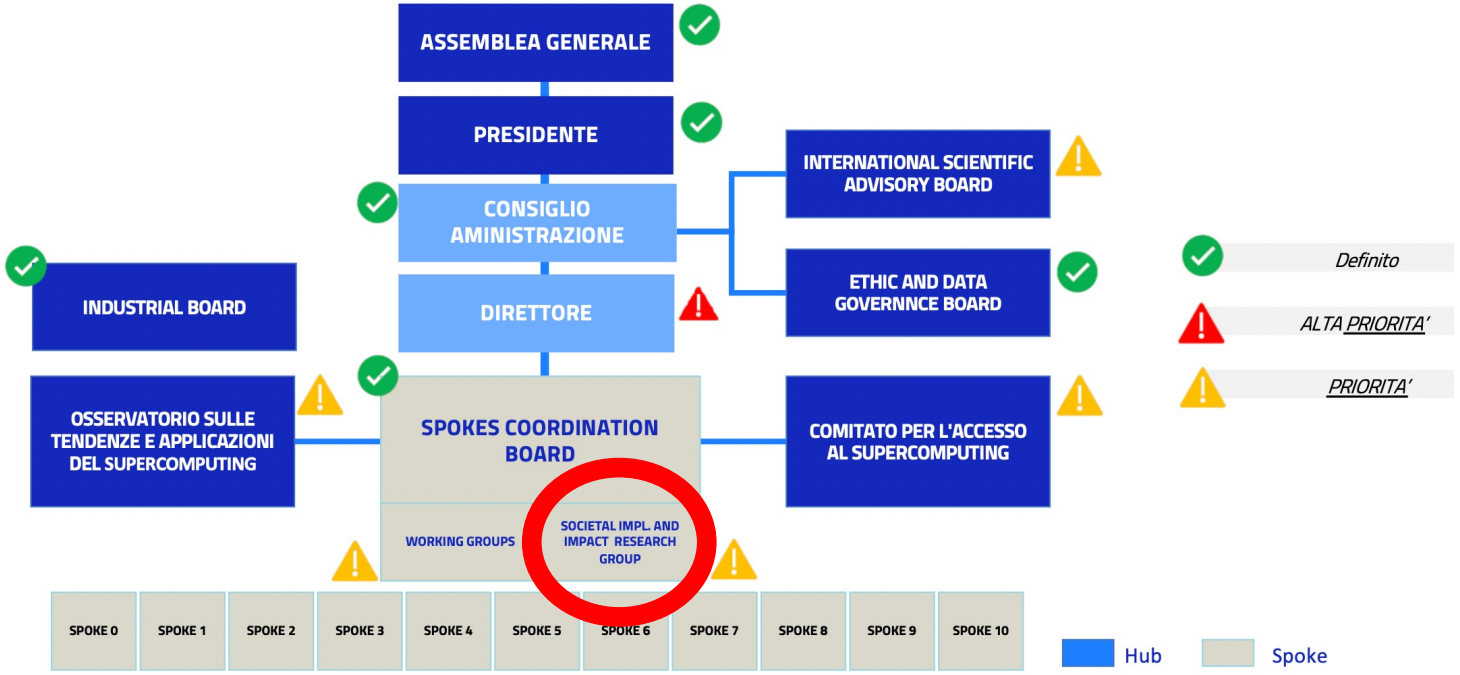
Luciano Floridi and *Antonino Rotolo*

Kick off meeting 25/26 novembre 2022, Bologna

THE GROUP IN THE INSTITUTIONAL SETTING



WHERE WE ARE

- The SII RG is composed of nine outstanding experts
- The SII RG will be operative since the beginning of 2023

MISSION OF THE SII RG

- It provides a **science and knowledge service for the governance** of the Centre.
- It **advises all spokes and industrial partners** regarding their research programs.
- It develops **independent research activities across spokes** and supports other groups on **training programs** for the Centre.
- It publishes **policy recommendations** on societal implications and other similar documents and enables the Centre to contribute institutionally to policy discussions, at the national and international level, and to European public consultations, especially concerning digital matters.
- It supports other working groups on **public awareness and trust through dissemination and co-creation activities for public engagement** regarding societal implications of science, technology and innovation practices and policymaking of data, computation, and digital services.
