Welcome to the workshop

Structure of the workshop

Each session:

Talks: the time
INCLUDES 5 minutes
of questions

Discussion: 30 minutes

Wednesday after lunch

Groups Discussion

Final Discussion

Summary draft
preparation

Agenda of the workshop

- Present and future muon facilities
- Muon beam technologies
- Physics with high energy muon beams
- Muon magnetic moment and $g-2$
- Hadronic vacuum polarization
- Charge lepton flavor violation
- Muons in other fields

Have a nice workshop and enjoy Venice
