

Muon4Future

lunedì 29 maggio 2023

Muon Beams Technologies: Muon Beams Technologies - Palazzo Franchetti (17:20 - 19:50)

-Coordinatori: Maurizio Giorgio Bonesini

time	[id] title	presenter
17:20	[8] Muon ionization cooling results and prospects	LONG, Kenneth
17:40	[9] Current experimental activities on Muonium	IWAI, Ryoto
18:00	[10] Muon cooling at J-PARC	KAMIOKA, Shusei
18:20	[11] Muon cooling at PSI	LOSPALLUTO, Giuseppe
18:40	[12] High energy muon collisions status and challenges	SCHULTE, Daniel
19:10	[13] Guided discussion on muon technologies and possible synergies among them	BONESINI, Maurizio Giorgio
