### Physics with High Energy Muon Beams - Palazzo Franchetti (09:00 - 11:00)

-Conveners: Cari Cesarotti

time	[id] title	presenter
09:00	[14] The broad physics case of a muon collider	CRAIG, Nathaniel
09:30	[15] muTristan physics possibilities	KITANO, Ryuichiro
10:00	[16] Challenges and synergies of a detector at high energy muon collider	PAGAN GRISO, Simone
10:30	[17] Guided discussion high energy muon beam physics and possible synergies	CESAROTTI, Cari
