Hadronic Vacuum Polarization - Palazzo Franchetti (14:30 - 17:00)

time	[id] title	presenter
14:30	[23] Hadronic Vacuum Polarization dispersive and data-driven methods	COLANGELO, Gilberto
15:00	[24] Hadronic Vacuum Polarization on lattice	FODOR, Zoltan
15:30	[25] The MuonE experiment	POCANIC, Dinko
16:00	[26] R-ratio measurements	ALIBERTI, Riccardo
16:30	[22] Guided discussion on muon magnetic moment, g-2 and HVP on current results, future possibilities and synergies among experiments and facilities	DRIUTTI, Anna
