

Workshop on kaons with CLAS12

mercoledì 14 dicembre 2022

Machine learning applications to RICH detectors: Event reconstruction and Particle ID - Aula Conversi (14:30 - 17:45)

-Coordinatori: Marco Mirazita

time	[id] title	presenter
14:30	[5] The CLAS12 RICH reconstruction	CONTALBRIGO, Marco
15:00	[6] ML application for pattern recognition PID	GAVALIAN, Gagik
15:45	Coffee break	
16:10	[8] Integrating Cherenkov detectors for PID	UNGARO, Maurizio
16:40	[25] Graph neural networks for RICH reconstruction	Dr. PECAR, Connor
16:55	[9] Discussion
