

# GWADW 2011 - Gravitational Waves Advanced Detectors Workshop - Progress Towards the Next Generation of Gravitational Wave Detectors

## Wednesday, 25 May 2011

### Optical Configurations - Maria Luisa Hall (09:00 - 10:40)

| time  | [id] title   | presenter                        |
|-------|--|----------------------------------|
| 09:00 | [52] Opto-Mechanical Coupling for Quantum Experiments              | CHEN, Yanbei<br>Dr MIAO, haixing |
| 09:30 | [53] Diffractive Optics Topologies                                 | Mr BRITZGER, Michael             |
| 09:50 | [54] Testing Optical Configurations with the Glasgow 10m Prototype | Dr BARR, Bryan                   |
| 10:10 | [55] Digitally Enhanced Interferometry                             | Dr SHADDOCK, Daniel              |
