

# GWADW 2011 - Gravitational Waves Advanced Detectors Workshop - Progress Towards the Next Generation of Gravitational Wave Detectors

## Thursday, 26 May 2011

**Cryogenics in the Future - Maria Luisa Hall (16:05 - 17:45)**

time	[id] title	presenter
16:05	[69] Cryogenic Mirrors: the State of the Art in Interferometric GW Detectors	Dr YAMAMOTO, KAZUHIRO
16:30	[70] Refrigerator and Cryogenic Suspension	Prof. KIMURA, Nobuhiro
16:55	[72] Payloads at Cryogenic Temperature for Third Generation GW Detectors: Issues and Open Problems	PUPPO, Paola
17:20	[73] Experimental Results on Cryogenic Strength of Silicon	Ms BEVERIDGE, Nicola
