

# GWADW 2011 - Gravitational Waves Advanced Detectors Workshop - Progress Towards the Next Generation of Gravitational Wave Detectors

**Thursday, 26 May 2011**

**Control Systems (18:15 - 19:30)**

time	[id] title	presenter
18:15	[67] Feed-Forward Noise Reduction	Ms DRIGGERS, Jenne
18:40	[68] Heterodyne Detection Method to Monitor Thermal Distortions in Mirrors	CORDIER, Mark
19:05	[71] Central Heating Radius of Curvature Compensation System Used in Virgo	Dr DAY, Richard
