

# GWADW 2011 - Gravitational Waves Advanced Detectors Workshop - Progress Towards the Next Generation of Gravitational Wave Detectors

**Tuesday, 24 May 2011**

**Inertial Sensors and Environmental Disturbance Removal (16:30 - 17:45)**

time	[id] title	presenter
16:30	[27] Review of Folded Pendulum Seismometers, Accelerometers and Tiltmeters	ACERNESE, Fausto
16:55	[28] SOC Noise and Advanced Hinge Tiltmeters	Prof. DESALVO, Riccardo
17:20	[29] Modeling and Measuring Puzzling Effects of GAS Blades	HENNES, Eric
