

GWADW 2011 - Gravitational Waves Advanced Detectors Workshop - Progress Towards the Next Generation of Gravitational Wave Detectors

Tuesday, 24 May 2011

Mitigating Newtonian Noise - Maria Luisa Hall (18:15 - 19:30)

time	[id] title	presenter
18:15	[30] An Updated Crash Course in Newtonian Noise	Dr HARMS, Jan
18:40	[31] Newtonian Noise Predictions for Underground Environment	RABELING, David
19:05	[32] Seismic Scattering and/or aLIGO Newtonian Noise	Ms DRIGGERS, Jenne
