

LIME shifts

Stefano Piacentini

26/01/2023

Preparation of the LIME shifts schedule

- We need to **plan the shifts** for the underground data taking campaign.
- We are **looking for a web infrastructure** to manage the shifts as smoothly as possible, but to choose the best option we would like to know more information about shifters
- We prepared a **Google form** to collect general information from shifters
- Please, **if you want to join the shifts for the next underground campaign fill the form**

Link to the form here: [Google Form](#)
