

IV International Workshop on Gravitomagnetism and Large-Scale Rotation Measurement

Wednesday, 14 June 2023

Rotation Sensors - Room "Galileo Galilei" (14:40 - 17:40)

time	[id] title	presenter
14:40	[61] Rotation sensors based on atom interferometry	SCHUBERT, Christian
15:40	[70] Self-calibrated atom interferometry for absolute rotation measurement	YAO, Zhanwei
16:10	[64] Doppler Gyroscopes: Frequency vs Phase Estimation	HOWELL, John
16:40	[50] GINGERINO sensitivity and quantum noise	PORZIO, Alberto
17:10	Coffee break
