

# IV International Workshop on Gravitomagnetism and Large-Scale Rotation Measurement

## Thursday, 15 June 2023

**Large Laser Gyroscope - Room "Galileo Galilei" (09:00 - 12:20)**

time	[id] title	presenter
09:00	[36] High Resolution Inertial Earth Sensing with Large Sagnac Interferometers	SCHREIBER, Ulrich
09:30	[4] Ginger	DI VIRGILIO, Angela Dora Vittoria
10:00	Coffee Break	
10:30	[32] Large scale space interferometry to measure galactic gravitomagnetism	TARTAGLIA, Angelo BASSAN, Massimo
11:20	[58] Research progress on large-scale passive laser gyroscopes operated at 532 nm	CHEN, Yuxuan
11:50	[59] Long- term operation of a large-scale passive laser gyroscope	LIU, Kui FENG, Xiahua
