

IV International Workshop on Gravitomagnetism and Large-Scale Rotation Measurement

Thursday, 15 June 2023

Geophysical applications - Room "Galileo Galilei" (14:30 - 18:30)

| time | [id] title | presenter |
|-------|--|------------------|
| 14:30 | [34] Earth's Rock and Roll: Rotational Motions in Seismology | IGEL, Heiner |
| 15:15 | [63] Multi-geophysical observations in HDUL, China | WANG, Yun |
| 16:00 | [53] Large-band tiltmeters for Newtonian Noise studies in Virgo and ET detectors | ERRICO, Luciano |
| 16:30 | Coffee Break | |
| 17:00 | [16] Underground Geophysics at the INFN Laboratori Nazionali del Gran Sasso | DE LUCA, Gaetano |
| 17:30 | [66] Gravimetry in the Italian area: future developments and perspectives | GRECO, Filippo |
| 18:00 | [65] 6C recordings from Stromboli volcano | BRAUN, Thomas |
