

# High Redshift Gamma-Ray-Bursts in the JWST era

## Tuesday, 10 January 2023

### Observation of GRBs at high redshift (09:15 - 11:30)

time	[id] title	presenter
09:15	[8] High redshift Gamma-Ray-Bursts in the JWST era	VERGANI, Susanna
10:00	[9] Shedding light on the early universe with next generation GRB missions	AMATI, Lorenzo
10:45	[10] Probing high-z GRB progenitors with X-ray spectroscopy	PIRO, Luigi

### Observation of GRBs at high redshift (16:30 - 18:45)

time	[id] title	presenter
16:30	[11] Distributed architectures for multimessenger astrophysics	FIORE, Fabrizio
17:15	[12] Directional detection of GRBs	BEHAR, Ehud
18:00	[13] Supernova explosions in the Multi-Messenger era	DELLA VALLE, Massimo
