

Working Group on Radiative Corrections and Generators for Low Energy Hadronic Cross Section and Luminosity

Friday, 11 April 2008

Tau - Aula Seminari (10:00 - 11:20)

time	[id] title	presenter
10:00	[2] Status of Monte Carlo for Tau decays	WAS, Z.
10:30	[3] A proposal for improving the hadronization of QCD currents in TAUOLA	ROIG, P.
10:50	[4] The Dipion Mass Spectrum In $e^+ e^-$ Annihilation and tau Decay Dynamical (ρ , ω , ϕ) Mixing Approach	BENAYOUN, M.
