

Working Group on Radiative Corrections and Generators for Low Energy Hadronic Cross Section and Luminosity

Friday, 11 April 2008

Radiative corrections (I) - Aula Seminari (14:30 - 16:00)

time	[id] title	presenter
14:30	[8] Systematic treatment of second order NLO QED radiative corrections to exclusive observables	ARBUZOV, A.
15:00	[9] MC generators for e+e- into multihadrons	EIDELMAN, S.
15:20	[10] Study of the ISR-FSR interference in radiative return measurements in e+e- annihilation	KONCHATNIJ, M.
15:40	[11] Comparison Feva/Phokhara	SHEKHOVTSOVA, O.
