

Working Group on Radiative Corrections and Generators for Low Energy Hadronic Cross Section and Luminosity

Friday, 11 April 2008

Radiative corrections (II) - Aula Seminari (16:20 - 18:00)

time	[id] title	presenter
16:20	[12] MC Tools used and needed in the KLOE small angle analysis	MUELLER, S.
16:40	[15] Monte Carlo Generators for the ppg analysis at large angle with KLOE	BELTRAME, Paolo
16:55	[14] A look at mu+mu-gamma simulation with BABAYAGA@NLO	LUKIN, P
17:10	[13] Discussion	EVERYBODY
