

# 18th Patras Workshop on Axions, WIMPs and WISPs

## Monday, 3 July 2023

### Monday Session 3 - G-003 (14:00 - 16:00)

time	[id] title	presenter
14:00	[26] Novel designs and schemes for high-mass axion haloscopes	Dr JEONG, Junu
14:20	[65] From Black Holes into the Voids: What TeV Astrophysics Tells Us about Axion-like Particles	GHOSH, Oindrila
14:40	[70] Astrophysical Searches for the String Axiverse	MAXWELL, James
15:00	[35] BRASS-p Search for Exotic WISPy Phenomenon	NGUYEN, Le Hoang
15:20	[36] Detecting axions from SNe using underground neutrino detectors.	LELLA, Alessandro
15:40	[69] Cosmic Last Scattering Surface as an Axion Dark Matter Detector	TRIVEDI, Pranjal
