

18th Patras Workshop on Axions, WIMPs and WISPs

Friday, 7 July 2023

Friday Session 1 - Bonavia Hotel (09:00 - 10:45)

time	[id] title	presenter
09:00	[13] New axion haloscopes techniques to search for axion dark matter, high frequency gravitational waves and monopoles	Prof. TOBAR, Michael
09:45	[33] Employing Radio Telescopes to Search for Ultralight Dark Matter	GE, Shuailiang
10:05	[16] QCD axion mass prediction from Adaptive Mesh Refinement simulations	BENABOU, joshua
10:25	[62] Dark Matter searches with the MAGIC telescopes	Dr MANGANARO, Marina
