

# Responsibilities in the DCH group – tentative breakdown

M. Roney, G. Finocchiaro

SuperB DCH R&D meeting –  
28 Feb 2011

# Responsibilities in the DCH group – tentative breakdown

1. Optimization
  1. Background
  2. Geometry
2. Mechanical structure
  1. Endplates
  2. Inner cylinder
  3. Outer Cylinder
3. Wire
4. Feed-throughs
5. Endplate systems
6. Electronics
  1. HV distributions & crates
  2. VFEE (preamps+HV distribution boards)
  3. FEE (Digitalization/Trigger Primitives/FEX/Pipeline/OL)
7. Construction
  1. Assembly and stringing (except robots)
  2. Stringing robots
8. Gas System (perhaps just liason)
9. DCH part of trigger
10. Monitoring system
11. Commissioning ...
