

# General Meeting next\_AIM

## Monday, 13 February 2023

**WP1 - Methodological approaches to handle limited datasets: WP1 - Methodological approaches to handle limited datasets**  
**(14:30 - 16:00)**

**-Conveners: Daniel Remondini; Andrea Chincarini**

time	[id] title	presenter
14:30	[1] Synthetic images generation from small datasets	REMONDINI, Daniel DI MECO, Lorenzo
14:50	[2] Low-dimensional signatures from high-dimensional data: the DNetPRO algorithm	CURTI, Nico
15:10	[3] How to deal the small data issue in artificial intelligence within medical image classification: a systematic review	UBALDI, Leonardo
15:30	[4] A bootstrap method to model small datasets with survival outcome	BALLANTE, Elena
