

dRICH Organization

Goal: Validate baseline technical solution and mitigate risk towards TDR & CD3

Organize the work in Development Programs (DPs)

- single Responsible that coordinates the work
- entry point for new collaborators
- flexible agenda of operative meetings

Activate a sort of dRICH office of all DPs

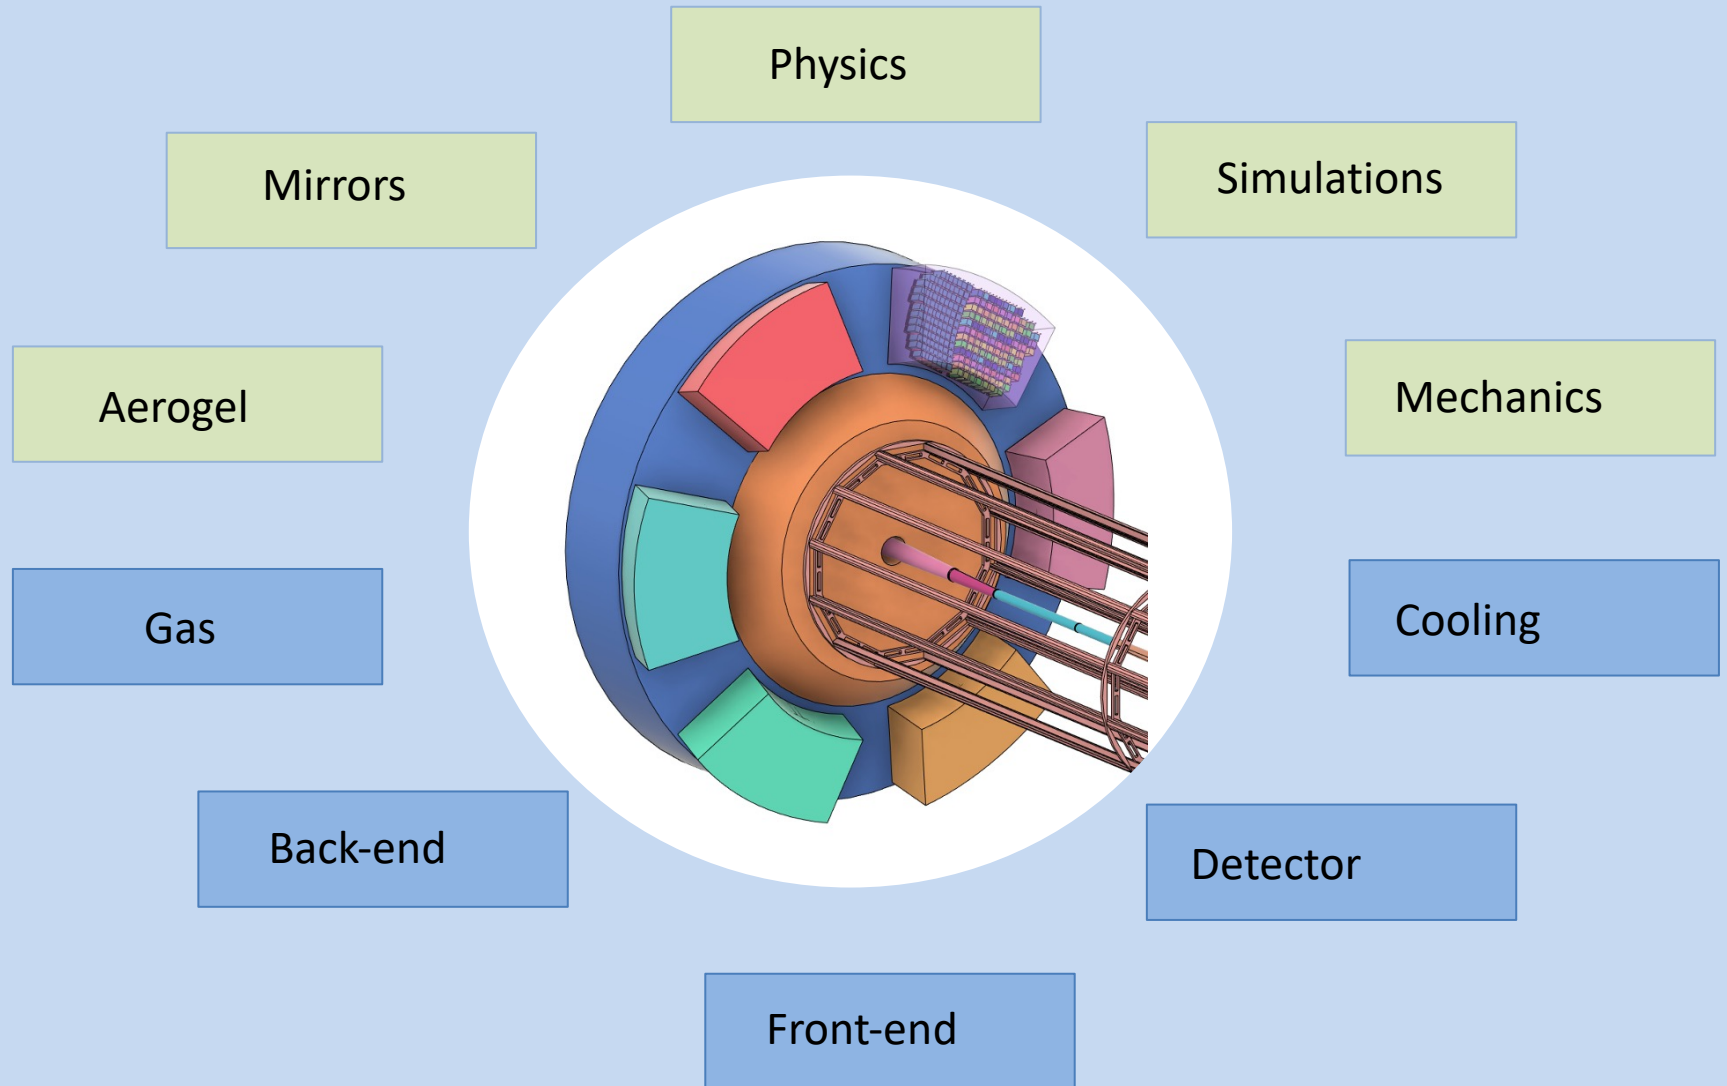

- direct contact between DSSL and DP responsables
- steering committee for important/urgent decisions

Create a single EPIC-based dRICH general meeting

- common forum open to the Collaboration
- weekly based with alternate pre-scheduled DP reports

During transition priority are DPs organization and direct contact with DSSL
Technical Contact and/or Deputy DSSL can be appointed following needs

dRICH Organization

Responsibility based on engagement and competence/interest
