Stefano Catani

High-Energy factorisation
and small-x (1990-1994)

CCFM equation (1990)

Coherent branching (1991)

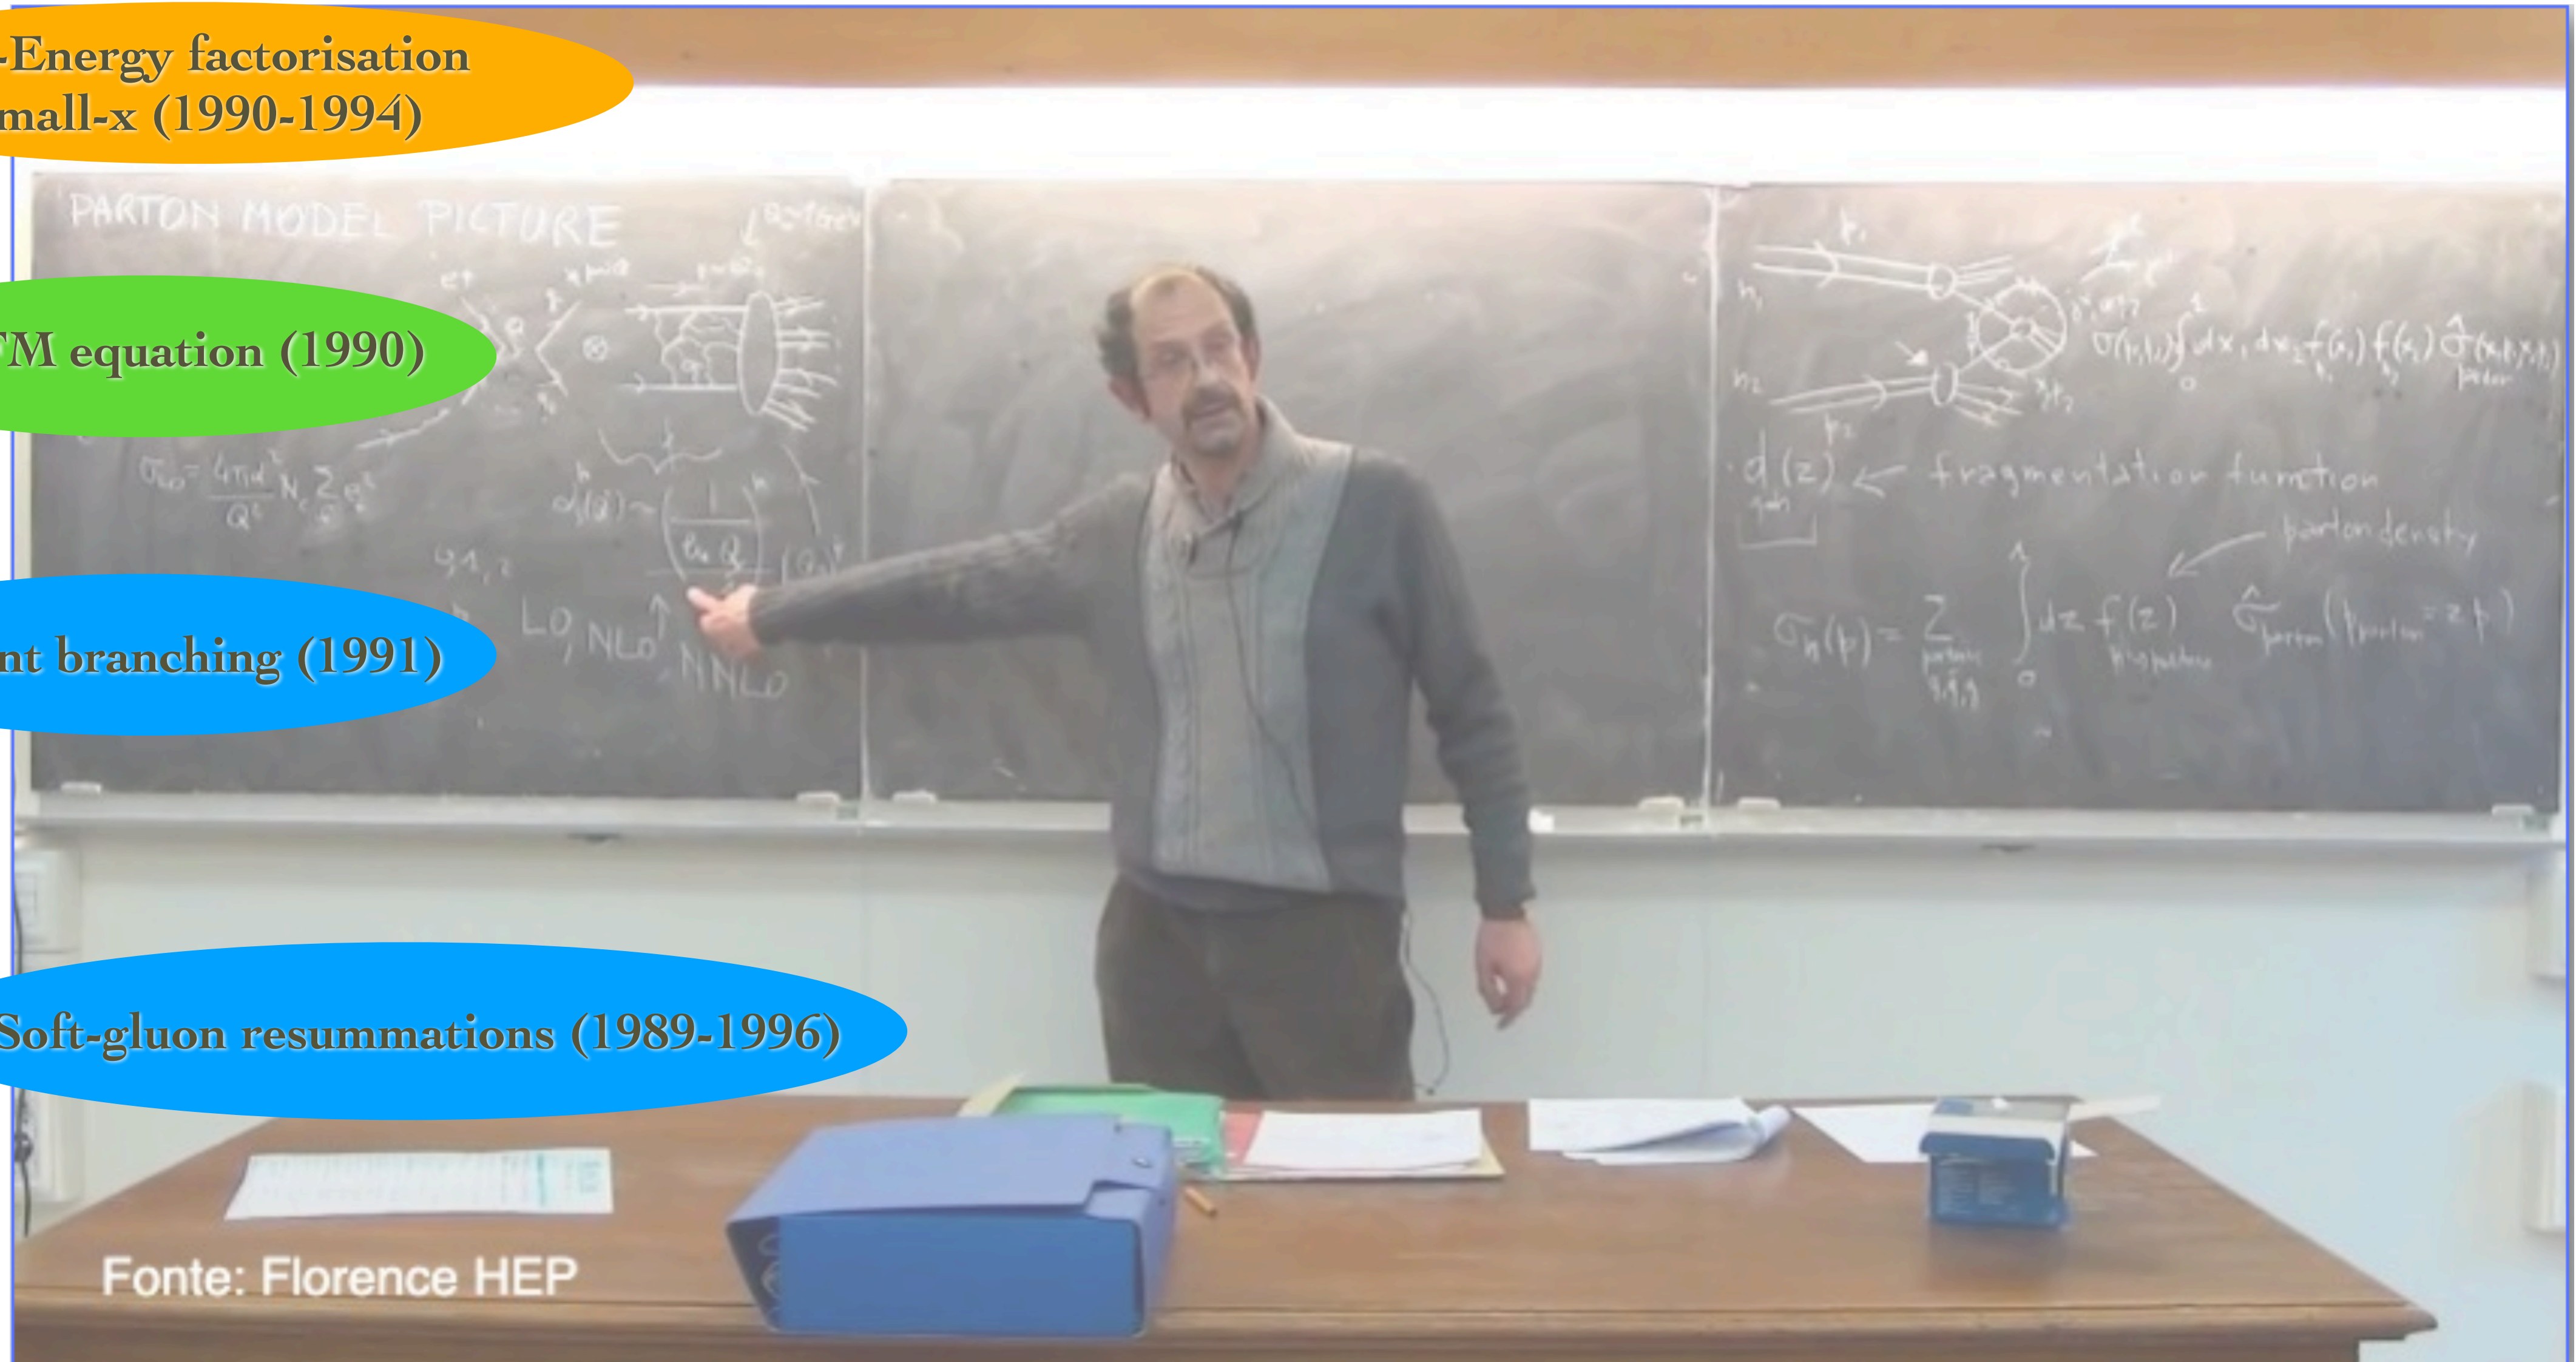

Stefano Catani

High-Energy factorisation
and small-x (1990-1994)

CCFM equation (1990)

Coherent branching (1991)

Soft-gluon resummations (1989-1996)

Stefano Catani

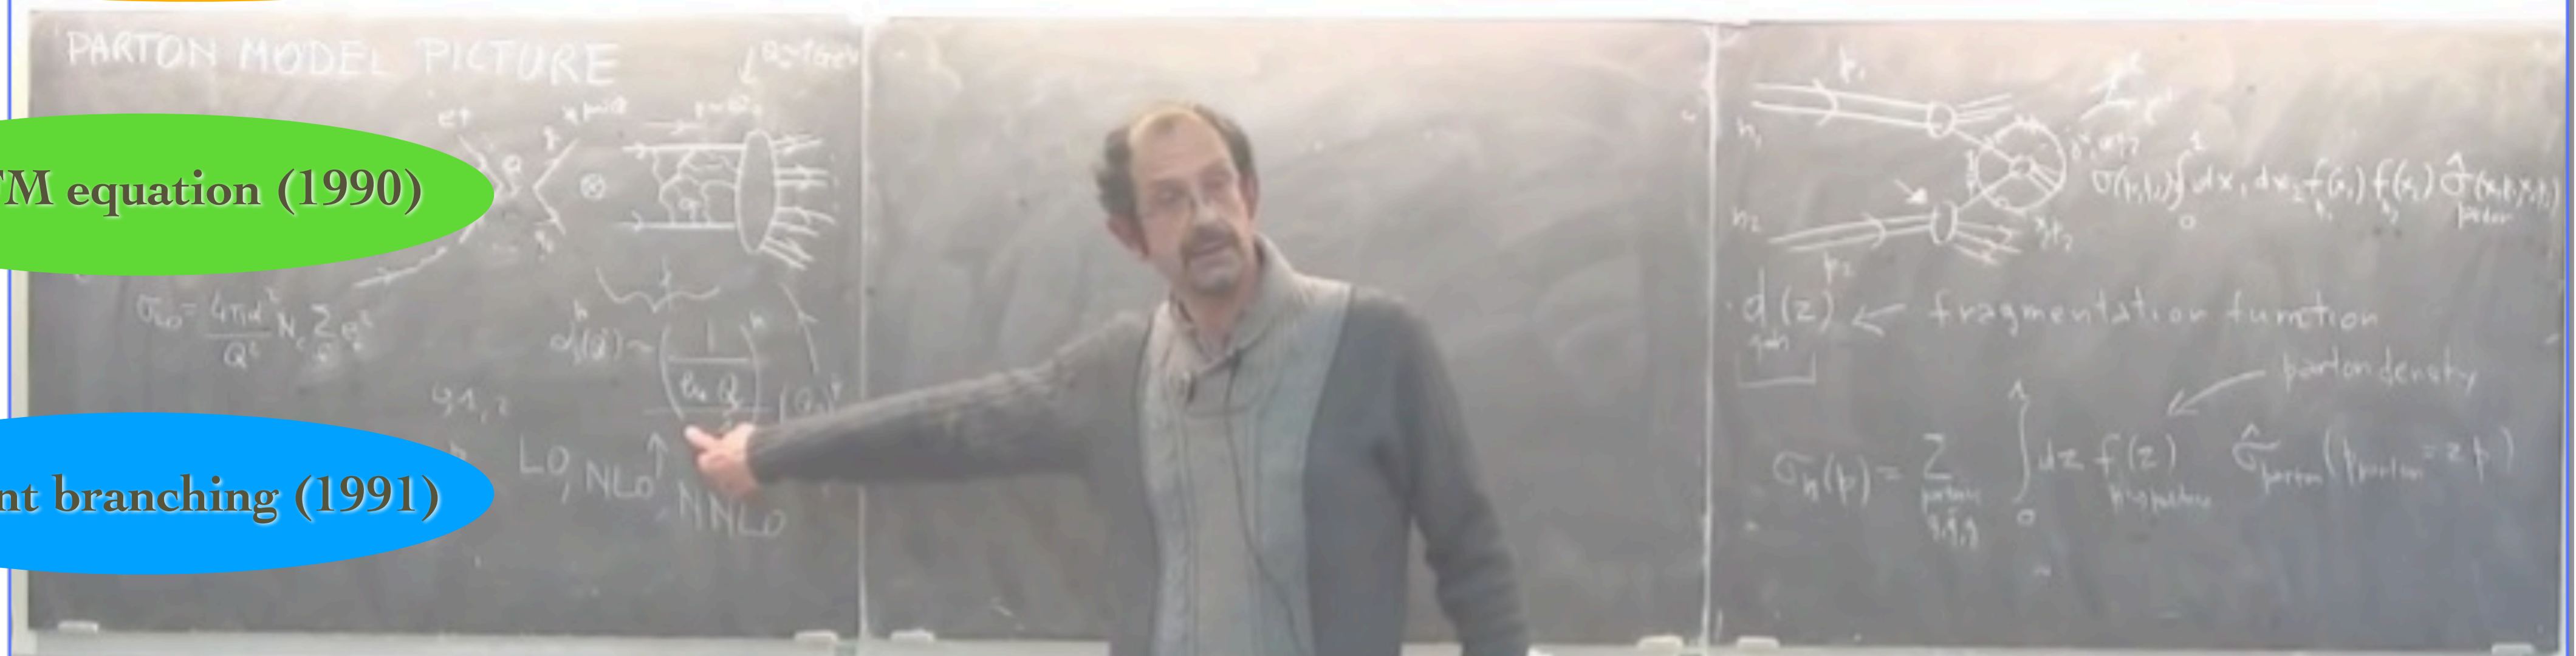

High-Energy factorisation
and small-x (1990-1994)

CCFM equation (1990)

Coherent branching (1991)

Soft-gluon resummations (1989-1996)

k_T -algorithm (1991, 1993)

Stefano Catani

High-Energy factorisation
and small-x (1990-1994)

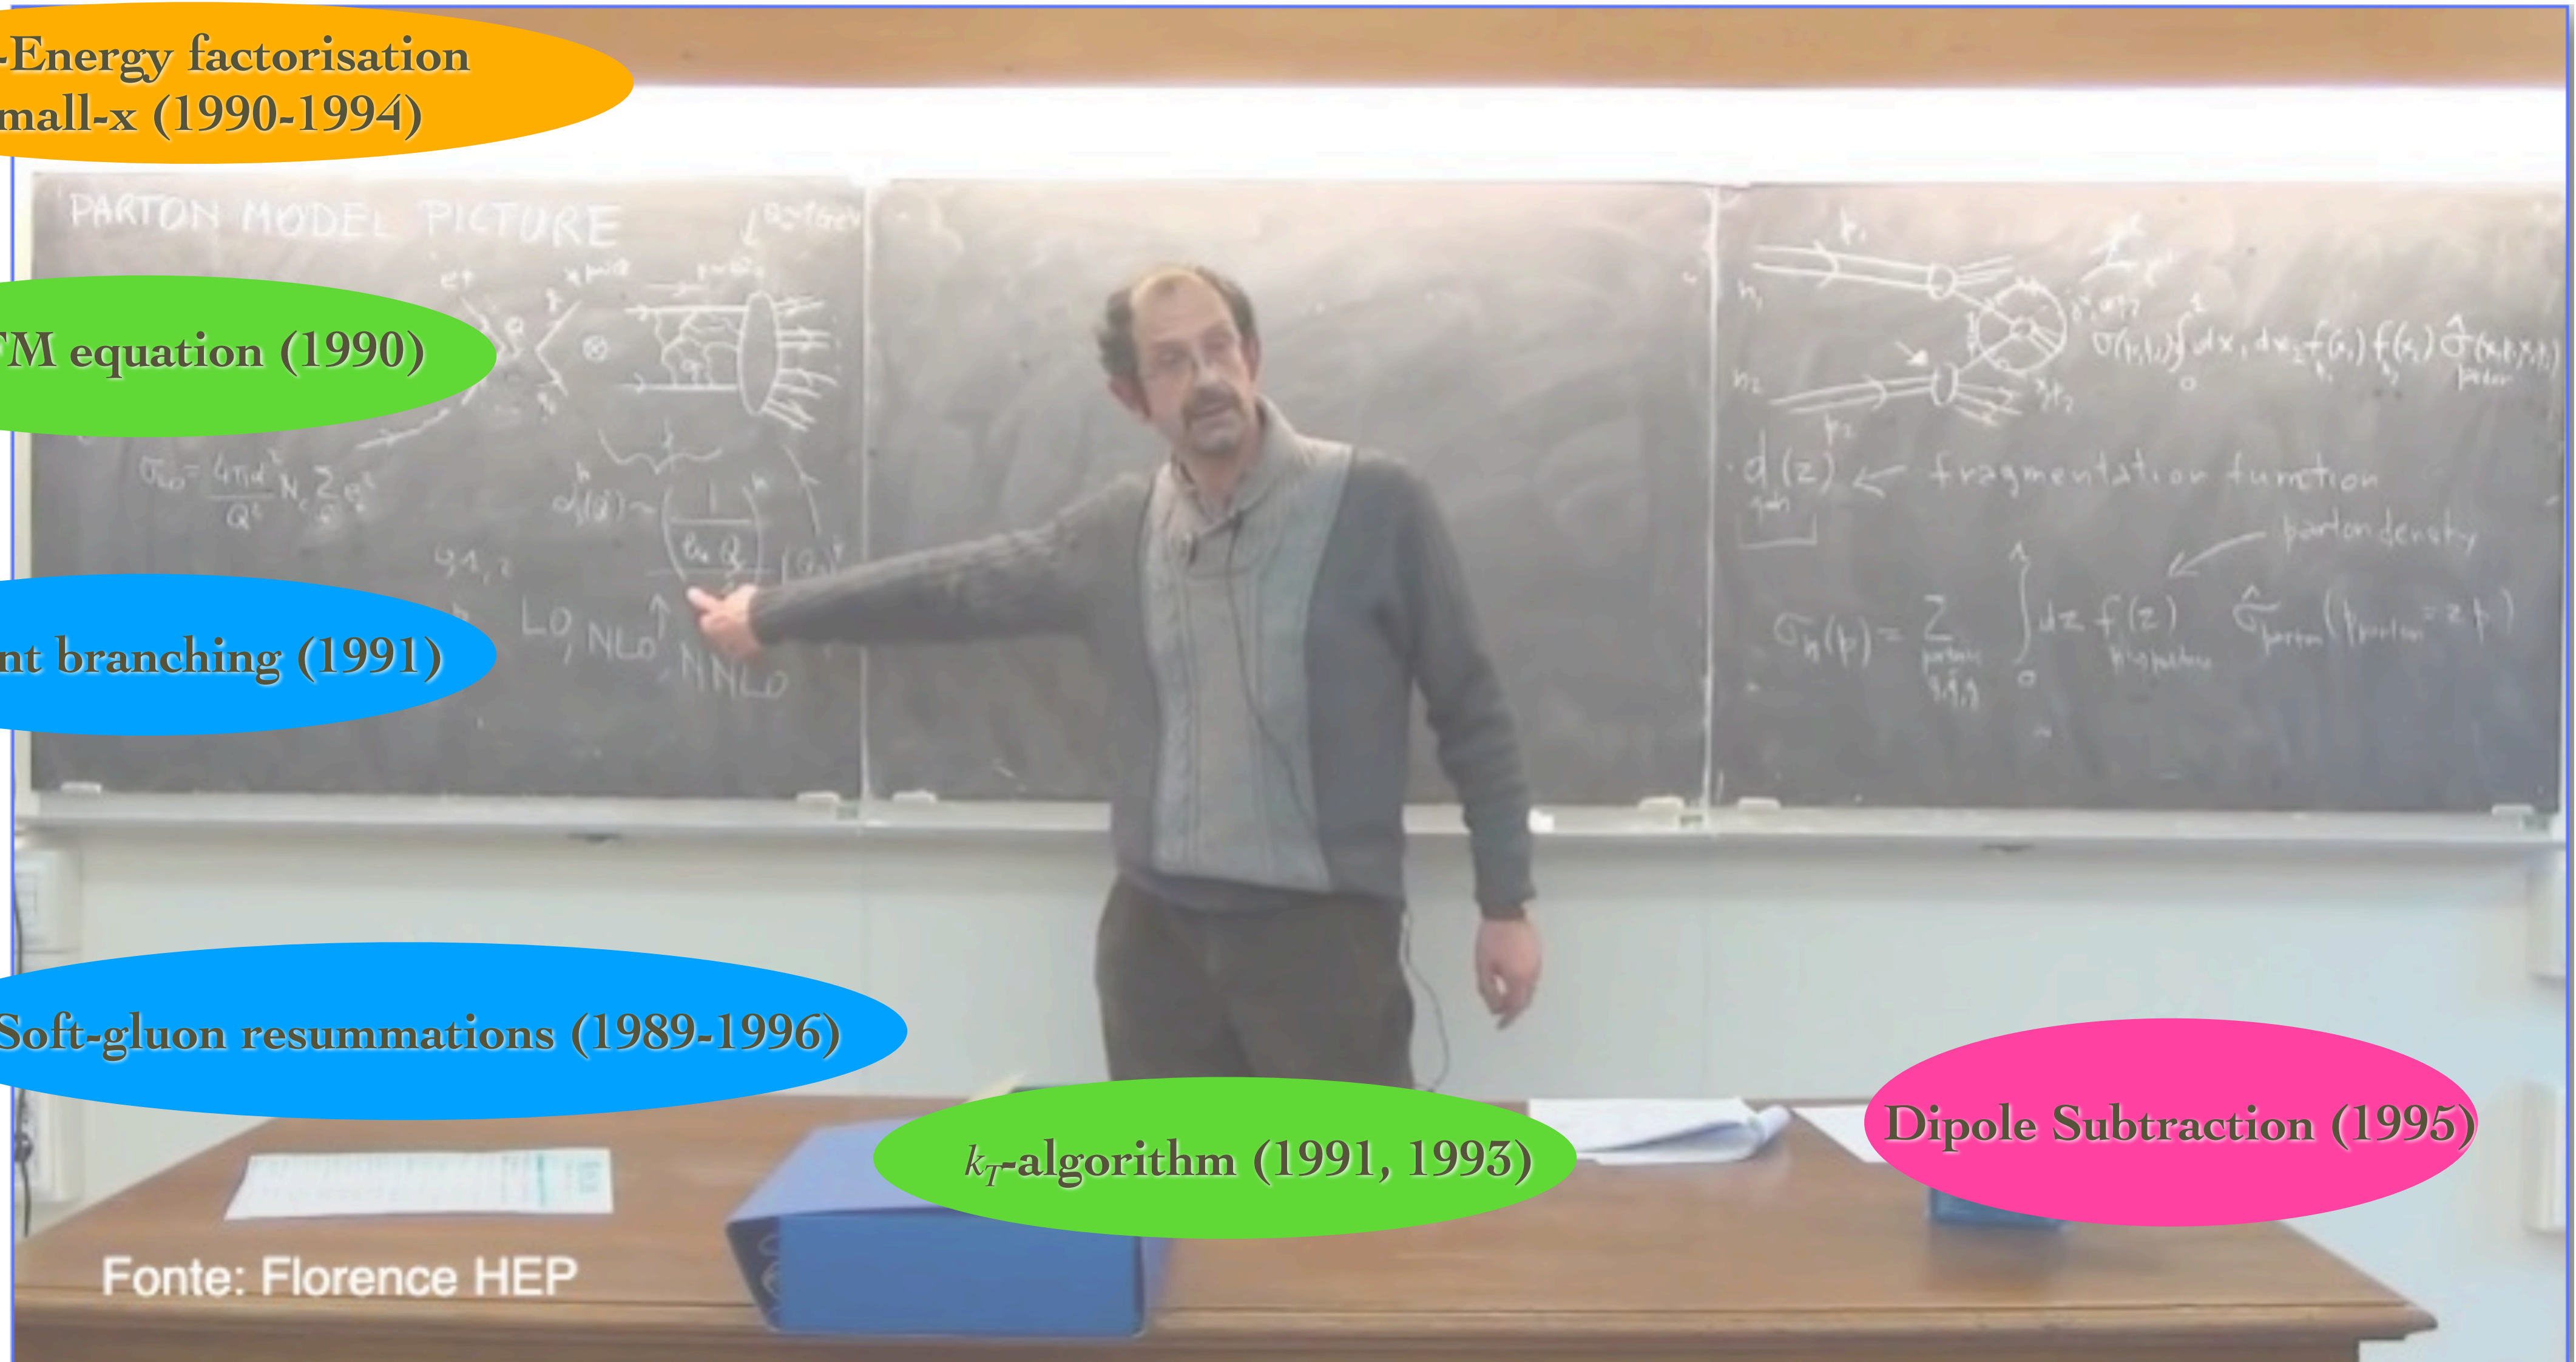

CCFM equation (1990)

Coherent branching (1991)

Soft-gluon resummations (1989-1996)

k_T -algorithm (1991, 1993)

Dipole Subtraction (1995)

Stefano Catani

High-Energy factorisation
and small-x (1990-1994)

CCFM equation (1990)

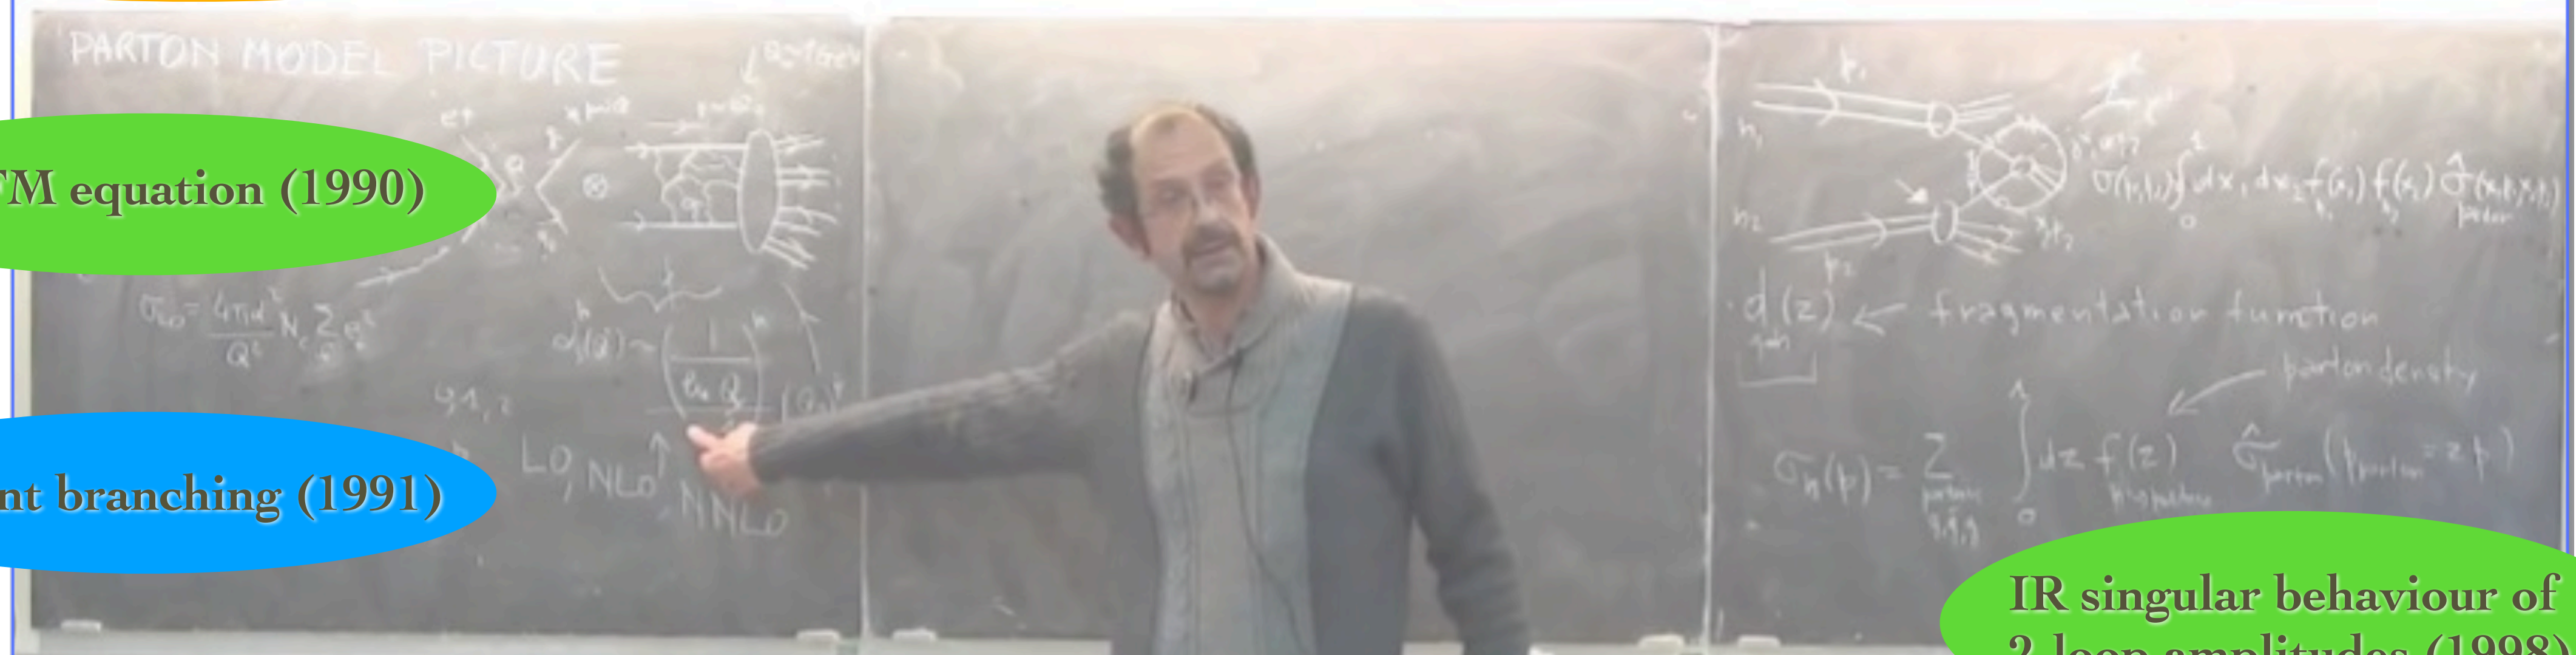

Coherent branching (1991)

Soft-gluon resummations (1989-1996)

k_T -algorithm (1991, 1993)

Dipole Subtraction (1995)

IR singular behaviour of
2-loop amplitudes (1998)

Stefano Catani

High-Energy factorisation
and small-x (1990-1994)

CCFM equation (1990)

Coherent branching (1991)

Soft-gluon resummations (1989-1996)

k_T -algorithm (1991, 1993)

Dipole Subtraction (1995)

Matching Matrix
Elements with Parton
Showers (CKKW) (2001)

IR singular behaviour of
2-loop amplitudes (1998)

Stefano Catani

High-Energy factorisation
and small-x (1990-1994)

CCFM equation (1990)

Coherent branching (1991)

Soft-gluon resummations (1989-1996)

k_T -algorithm (1991, 1993)

q_T -subtraction (2007)

Matching Matrix
Elements with Parton
Showers (CKKW) (2001)

IR singular behaviour of
2-loop amplitudes (1998)

Dipole Subtraction (1995)

Stefano Catani Memorial Symposium

January 9, 2025. The GGI Florence

Confirmed Speakers

G. Dissertori (ETH Zurich)

F. Hautmann (University of Oxford)

M. Mangano (CERN)

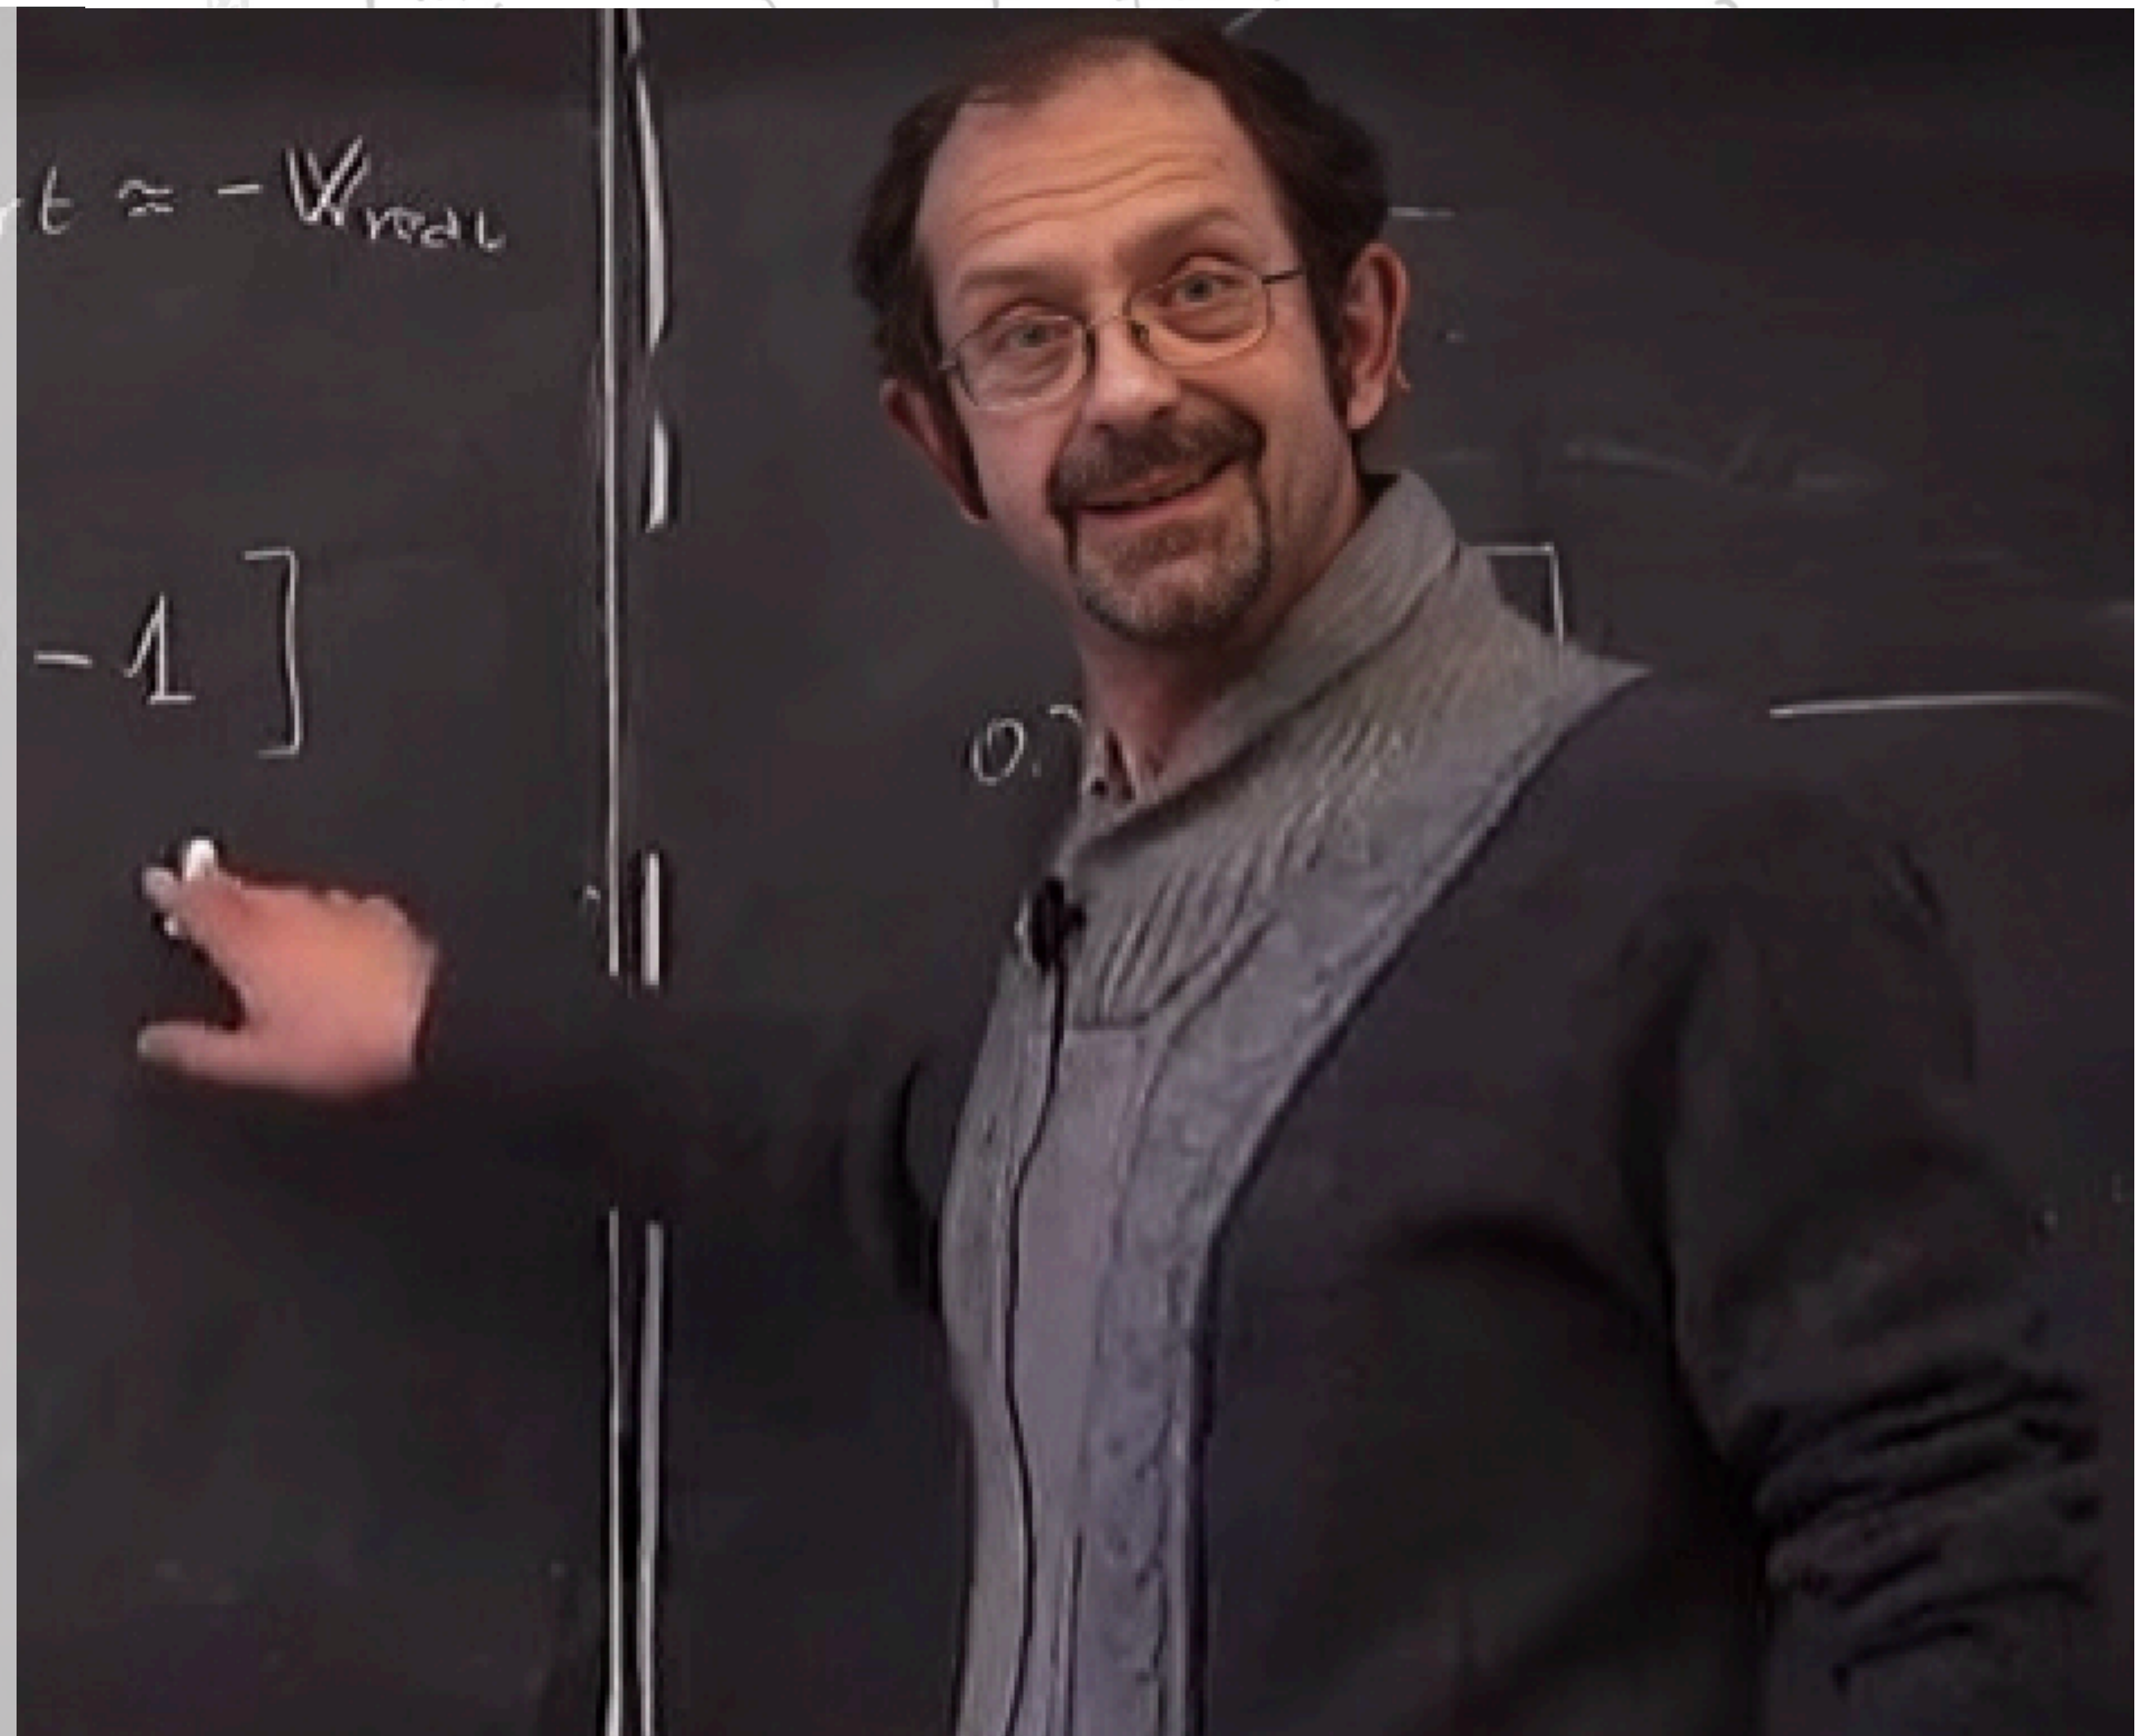

P. Nason (INFN Milan Bicocca)

M. Seymour (University of Manchester)

L. Trentadue (University of Parma)

Organizing Committee

R. Bonciani, L. Cieri, D. de Florian, P. K. Dhani,
G. Ferrera, M. Grazzini, G. Rodrigo
