

# Calor 2008

## Friday, May 30, 2008

### Calorimetric Techniques - Salone Teresiano (9:00 AM - 10:40 AM)

| time     | [id] title  | presenter                |
|----------|---|--------------------------|
| 9:00 AM  | [19] Towards a realistic calorimeter with SiPM readout  | SEFKOW, Felix            |
| 9:20 AM  | [18] Calibration and monitoring of a scintillator HCAL with SiPMs                                     | LUCACI-TIMOCE, Angela    |
| 9:40 AM  | [24] Design and performance of 2nd generation readout ASICS for CALICE/EUDET technological prototypes | DE LA TAILLE, Christophe |
| 10:00 AM | [13] CALICE: status of a data acquisition system for the ILC calorimeters                             | Dr BARTSCH, Valeria      |
| 10:20 AM | [22] A digital hadronic calorimeter with a new readout generation.                                    | LAKTINEH, Imad           |
