

DREB 2012 - Direct Reactions with Exotic Beams

Wednesday, 28 March 2012

Session 9 (14:10 - 15:50)

time	[id] title	presenter
14:10	[55] Investigations on the excitation of the core and the halo of ^{11}Li	KANUNGO, Rituparna
14:35	[37] Unbound states of the drip-line nucleus ^{24}O from (p,p') scattering	BOISSINOT, Simon
15:00	[39] Measurement of the Giant Monopole and Quadrupole Resonances in ^{68}Ni using the Maya Active Target	VANDEBROUCK, Marine
15:25	[40] Experimental results on the Coulomb excitation of exotic nuclei at the R3B-LAND setup	ROSSI, Dominic
