

# DREB 2012 - Direct Reactions with Exotic Beams

## Tuesday, 27 March 2012

### Session 5 (09:00 - 10:40)

time	[id] title	presenter
09:00	[66] Fingerprints of core polarization in two-nucleon transfer reactions of halo nuclei	BROGLIA, Ricardo
09:25	[78] Nuclear response to two-neutron transfer via the (18O,16O) reaction	CARBONE, Diana
09:50	[89] Multi-nucleon transfers using two-neutron halo 6He on 12C at 30 MeV using the SHARC and TIGRESS arrays at TRIUMF ISAC-II	SARAZIN, F.
10:15	[48] Study of the neutron rich nuclei via heavy-ion double charge exchange reaction	MATSUBARA, Hiroaki
