

TNPI2023 - XIX Conference on Theoretical Nuclear Physics in Italy

mercoledì 11 ottobre 2023

Compact stars - Il Palazzone (16:30 - 18:45)

time	[id] title	presenter
16:30	[31] Presentation of IS: NEUMATT	PAGLIARA, Giuseppe
16:50	[32] Equation of state of dense matter for application to binary neutron star mergers	LOGOTETA, Domenico
17:25	[15] Neutron star properties from gravitational-wave observations of r-modes and post-merger events	BEJGER, Michal Stanislaw
18:00	[16] Effect of composition fluctuations in quark nucleation	GUERRINI, Mirco
18:20	[2] Glitches in rotating supersolids	TRABUCCO, Silvia
