

Compton Sources for X/gamma Rays: Physics and Applications

Thursday, 11 September 2008

Morning (09:00 - 13:00)

time	[id] title	presenter
09:00	[38] Simulations for linear and fully nonlinear Thomson Scattering with TSST code	Dr TOMASSINI, Paolo
09:45	[40] Nonlinear Compton scattering	Dr HARTEMANN, Frederic
10:30	[0] High Finesse Fabry Perot cavity R&D at Orsay	Prof. ZOMER, Fabian
11:00	Coffee Break	
11:30	[14] X-Ray spectra reconstruction from analysis of attenuation data: a Back Scattering Thomson Source application.	ENDRIZZI, Marco
12:00	[39] THE LAL Compton Program	Dr VARIOLA, alessandro
