

Bottom-Up Cross-Cutting Workshop “JENAS Initiative: Gravitational Wave Probes of Fundamental Physics”

Contribution ID: 69

Type: **not specified**

The ringdown of spinning horizonless compact objects

Tuesday, 13 February 2024 17:00 (25 minutes)

Presenter: MAGGIO, Elisa (Max Planck Institute for Gravitational Physics, Albert Einstein Institute, Potsdam)

Session Classification: WG3: Fundamental problems in high-energy and gravitational physics
