**Editorial Board (PubComm)**

**26/10/23**

# PubComm news

1. Cristina entered the PubComm (replacing Fernando)
2. The paper on LIME overground characterisation was published.

You can cite it as:

*Amaro, F.D. et al.*

***A 50 I CYGNO prototype overground characterization.***

*Eur. Phys. J. C 83, 946 (2023)*

DOI: <https://doi.org/10.1140/epjc/s10052-023-11988-9>

A big thank to Gianluca (corresponding author) and to the people who mostly contributed to the paper.

3. The paper on enhanced light yield is currently under PC review. The terms are expiring, soon it will be circulated in the collaboration
4. The paper on the simulation will be ready soon

# Steering Committee news

1. The SC is formed by the SPs, the TC, the leaders of the different working packages and the local responsables
2. The SC aims at coordinating the work in the collaboration easing. Formal documents are being discussed and will be proposed to the collaboration soon.
3. Meetings and discussions already started. News from last meeting:  
WP leaders changing (in current WP/task schema):
  - Analysis: Giorgio is replacing Emanuele as WP2 leader
  - Services: Andrea is replacing Francesco as WP5 leader
  - Simulation: as Giulia is going on leave for some months, Pietro was appointed deputy WP3 leader.
