

XXXI International Conference on Neutrino Physics and Astrophysics

Tuesday, 18 June 2024

S5: Theoretical overviews - Aula Magna (U6 building) (11:15 - 12:30)

time	[id] title	presenter
11:15	[649] Theory of leptonic flavor mixing	DING, Guijun
11:40	[650] Nu mass and the origin of baryons	SHAPOSHNIKOV, Mikhail
12:05	[651] Open problems in neutrino astrophysics	SPURIO, Maurizio
