Jun 16 - 22, 2024

**XXXI International Conference on Neutrino
Physics and Astrophysics**

S6: Neutrino properties 1

Milano

Tue, June 18

2:00 PM

S6: Neutrino properties 1

Session |**Location:** University of Milano-Bicocca, Aula Magna (U6 building), Piazza dell'Ateneo Nuovo 1, Milano, 20126

2:00 - 2:30 PM

Neutrinoless double-beta decay searches: theory of nuclear matrix elements

Speaker

Javier Menendez

2:30 - 2:50 PM

The first year of LEGEND-200 physics data in the quest for $0\nu\beta\beta$ decay

Speaker

Luigi Pertoldi

2:50 - 3:10 PM

Results from KamLAND-Zen

Speaker

Itaru Shimizu

3:10 - 3:30 PM

CUORE latest results and prospects

Speaker
