

# XXXI International Conference on Neutrino Physics and Astrophysics

## giovedì 20 giugno 2024

**S10: Neutrino cosmology - Aula Magna (U6 building) (09:00 - 10:50)**

time	[id] title	presenter
09:00	[659] What cosmology can tell us about neutrinos	ARCHIDIACONO, Maria
09:25	[660] First neutrino results from the Dark Energy Spectroscopic Instrument	ELBERS, Willem
09:40	[661] Nu non standard scenario and cosmology	GARIAZZO, Stefano
10:05	[662] Supernova neutrinos	LUNARDINI, Cecilia
10:30	[663] Review of diffuse SN neutrino background	HARADA, Masayuki
