

The Big Three Reaction for Nuclear Astrophysics: the forthcoming workshop in Strasbourg

Thursday, 22 February 2024 13:50 (10 minutes)

A forthcoming workshop (29th May) will be held in Strasbourg also in the context of the ChETEC-INFRA project, to discuss the The Big Three Reaction for the nuclear astrophysicists community. The main goal of the workshop is to network the existing and forthcoming research programs around the $^{12}\text{C}(\alpha,\gamma)$, $^{12}\text{C}+^{12}\text{C}$ and $^{22}\text{Ne}(\alpha,n)$ fusion reactions

Presenter: Dr SPARTA', Roberta (Istituto Nazionale di Fisica Nucleare)

Session Classification: Weak s process
