

ET: Scienza e Tecnologia in Italia

Thursday, 22 February 2024

ET Site Preparation - Auditorium (14:00 - 16:20)

-Conveners: Maria Marsella; Domenico D'Urso

time	[id] title	presenter
14:00	[41] Introduction	
14:10	[44] Status of the ET Sites Data repository	FIORI, Alessio
14:20	[40] Status of Site Characterization Measurements of Sos Enattos area	Dr NATICCHIONI, Luca
14:40	[42] Measurements at the ET verteces	GIUNCHI, Carlo
15:00	[43] Local noise sources	OLIVIERI, Marco
15:20	[54] Tender status	SCHILLACI, Gaetano
15:30	[55] Introduction on WP6 Engineering activities	D'ARANNO, P.
15:40	[56] First evaluations on Hydrogeological Water Budget to identify acquifer recharge area in ET infrastructure site	FERRANTI, F. SAPPA, G.
15:55	[57] Reference geodetic network to support the ET infrastructure (ASI contribution), WEBGIS project for ET in Sardinia, Study of wave motion offshore and inshore as a potential source of noise	SCIPIONE, F. CAGNIZI, M. MARZARIO, Monica
16:10	[58] Seismic noise and shallow subsurface characterization of the ET candidate site in Sardinia	FIDECARO, Francesco GRIGOLI, Francesco

ET Site Preparation - Auditorium (16:40 - 17:00)

-Conveners: Domenico D'Urso

time	[id] title	presenter
16:40	[59] SARDINIAN UNDERGROUND LAB (SUNLAB): Designing spatial components of research infrastructures and their impacts on territorial systems	FAIFERRI, M. MORO, M. MAIS, S.
