

TERZA GIORNATA ACCELERATORI

INFN-LNF
4-5 APRIL 2024

[HTTPS://AGENDA.INFN.IT/E/LNFACCELERATORDDAYS](https://agenda.infn.it/e/lnfacceleratorodays)

The "National Accelerator Day" is becoming a reference event for the whole Italian community of accelerator physics and technology experts. The 3rd edition will be hosted by the Frascati National Labs, and will provide a unique opportunity to share and discuss in person the new INFN initiatives and the ongoing projects, to present the new thematic networks established within the INFN-Accelerator participants and to deal with all the aspects related to the scientific and professional activity of a sector considered more and more as vital and strategic. The Directors of the INFN Labs and the most involved Units, the Scientific National Committees Presidents, as well as the President and the Executive Board of our Institute will participate in the discussion.

ORGANISING COMMITTEE
