Here we come!

So,

who do disseminate science?

Here you find a tentative guide.

## Press releases

The IFT becomes a worldwide reference on supersymmetry

From June 3rd to the 14th, the Institute for Theoretical Physics IFT (UAM/CSIC) will host pre-SUSY School and SUSY 2024.

El IFT se convierte en referente mundial en supersimetría

Del 3 al 14 de junio, el Instituto de Física Teórica IFT (UAM/CSIC) acogerá los congresos pre-SUSY School y SUSY 2024.

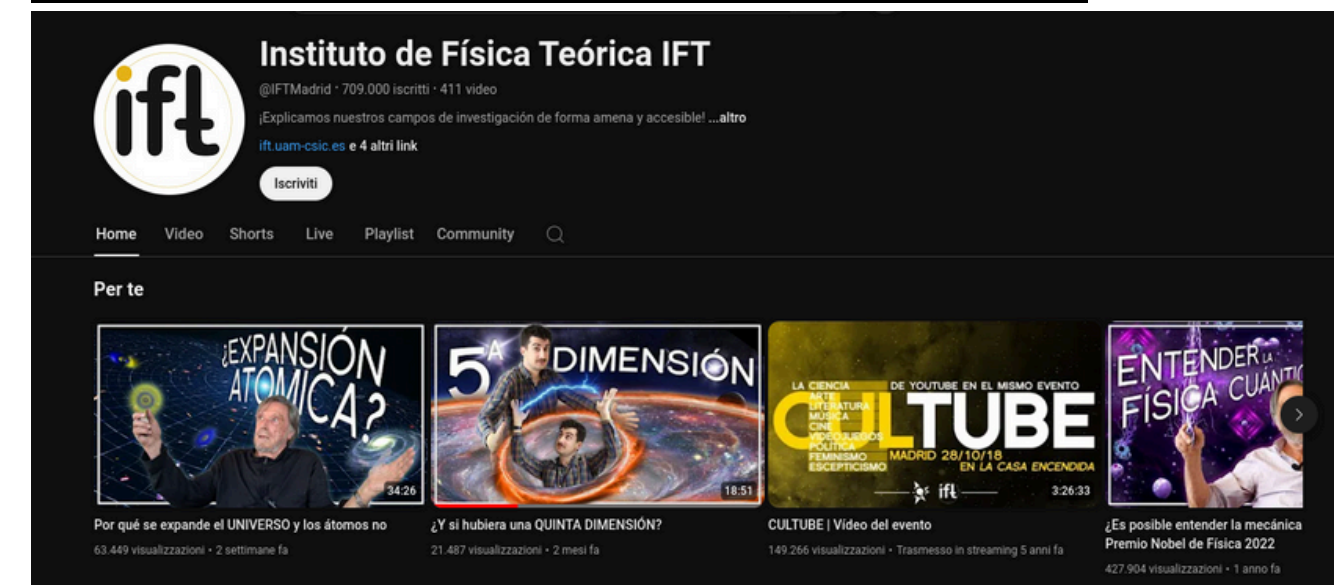

Unraveling the nature of dark matter

Katherine Freese, cosmologist specialized in dark matter, visits the IFT this week to discuss with its experts the main challenges in this research field.
