

Invisibles24 Workshop

Monday, 1 July 2024

Day 1: Serguey Petcov - Status and prospects of neutrino physics - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (09:30 - 10:15)

Day 1: Mark Chen - Overview of neutrino experiments: what is new after Neutrino2024? - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (10:15 - 11:00)

Day 1: Stephen Parke - The Race to the Neutrino Mass Ordering - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (11:30 - 12:00)

Day 1: Martin Bauer - Relic neutrino background - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (12:00 - 12:30)

Day 1: Enrique Fernández-Martínez - BSM with lab neutrinos - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (14:30 - 15:00)

Day 1: Carlos Argüelles - BSM with sky neutrinos - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (15:00 - 15:30)

Day 1: Jordi Salvado - BSM with cosmological neutrinos - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (15:30 - 16:00)

Day 1: Sebastian Trojanowski - Long-lived particles at accelerators - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (16:30 - 17:00)

Day 1: Clara Murgui - Atomic sensors for BSM - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (17:00 - 17:30)
