

Invisibles24 Workshop

Thursday, 4 July 2024

Day 4: Belen Gavela - New tests of ALP-fermion interactions - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (09:15 - 10:00)

Day 4: Giacomo Landini - Dark matter from strongly coupled sectors - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (10:00 - 10:30)

Day 4: Sam Witte - Axions clouds around pulsars - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (11:30 - 12:00)

Day 4: Edoardo Vitagliano - Astrophysical transients and feebly-interacting particles - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (12:00 - 12:30)

Day 4: Arsenii Titov - Strong CP and modular invariance - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (15:30 - 16:00)

Day 4: Nassim Bozorgnia - Large magellanic cloud and dark matter direct searches - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (16:30 - 17:00)

Day 4: Oleksii Matsedonskii - News on cosmological selections of the weak scale - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (17:00 - 17:30)

Day 4: Luca Visinelli - H_0 and cosmological tensions: overview of theory solutions - Aula Giorgio Prodi - San Giovanni in Monte, University of Bologna (17:30 - 18:00)
